## Butyric Acid

- Supports the health and healing of cells in the small and large intestines.<sup>1</sup>
- The favored source of fuel for the cells lining the interior of the large intestine or colon.<sup>1</sup>
- May play a positive role with probiotics in preventing abdominal obesity.<sup>2</sup>
- May reduce pain during bowel movements and inflammation in the gut.<sup>3</sup>

## PREBIOTICS FOS (fructooligosaccharides)

## PROBIOTICS

- Bifidobacterium  
(bifidum Bb-06 SD6576)
- Bifidobacterium  
(lactis BI-04 ATCC SD5219)

*Supracol*<sup>®</sup>

**Gastro-Resistant  
Capsule Developed  
to Reach the  
Lower Intestine**

Butyric Acid nourishes the colon wall, helps maintain a healthy lining and barrier function of the colon, and may prevent intestinal inflammation.<sup>4</sup>

A unique product to help support a healthy colon. May relieve symptoms associated with poor digestion and lower intestinal issues.

**When Typical  
Probiotics Don't  
Seem to Work**

**Try**

*Supracol*<sup>®</sup>

**A truly unique product  
containing 3 important  
ingredients:**

- **Butyric Acid**
- **Probiotics**
- **Prebiotics**
